

Hank Eng

The past ten years has seen a growth and consolidation of district resources for fire and rescue services. I am proud to have been a part of the guidance for the district as a board member through the consolidation of Parker Fire Protection and South Metro Fire Rescue Districts and more recently the consolidation of Cunningham Fire Protection District. I am running again to serve the community as a board member during the inclusion of Highlands Ranch Metropolitan District and Littleton Fire Protection District.

I have served my community in areas of emergency services and training as a member of Civil Air Patrol and the South Metro Safety Foundation. During the 2013 floods, I volunteered in the disaster relief efforts to move and distribute needed supplies to those rendered homeless. On an ongoing mission as a pilot and mission aircrew member, I have flown fire watch over Douglas County during periods of high fire danger.

For the past 10 years, I have taught First Aid and CPR as an instructor for the South Metro Safety Foundation. For those of you who have attended my classes, I thank you for your own commitment to our community for taking the time to learn these lifesaving skills. You have probably seen me at public events demonstrating "Hand-only CPR." I have a strong commitment to the preparedness and safety of our community.

Over the next 4 years, our district will see significant changes as we grow to service more and more of our neighbors. We will be greater than the sum of our parts and the district will need experienced board members to continue guiding our growth. I have always advocated for fiscally responsible policies, but I am willing to weigh the cost benefits of expenditures and new technologies that will ensure the safety of our fire fighters and that our communities receive the services expected from a best in class fire service.

I look forward to continuing to serve our community and ask for your vote on May 8th.

Tim Hartwig

Tim Hartwig comes from a background of service to communities and improving lives. Tim holds a BS in Environmental Engineering from Michigan Technological University as well as a MBA from the University of Denver Daniels College of Business. While Tim has over 15 years of prior experience in real estate and investments from his roles at AIMCO, Archstone-Smith and others, he joined University Communities in April 2009. As The National Director of Asset Management, Tim is responsible for the physical upkeep, construction, compliance, risk management, and operating platforms of the Company's real estate assets, as well as property level financing and maintenance.

Tim is married to Jayme and enjoys: baking, skiing, golf, SCUBA, travel, NRA-Handgun shooting, HAM radio, Instructing FEMA-Community Disaster Response/Preparedness Courses (C.E.R.T. certified), and Habitat for Humanity homebuilding. As the President of the Board for Metro Volunteers Colorado he directs the Colorado Statewide Disaster Assist/Access and Executive Committees. Tim is a proud member of: Our Father Lutheran Church (LCMS)- serving as an usher and member of the safety & security teams, Frontline Missions (Tolupan Indians- La Ceiba, Honduras), Rotary International (sits on the Executive Board of the Denver Southeast Club), and an active alumnus of The University of Denver serving on the Daniels College of Business Alumni Advisory Board. Tim is a Director of the Michigan Technological University Alumni Association Board and sits on the Arapahoe County Board of Review.
